Relevant Projects

VGD Database | Intro to Database Systems

March 2023 – April 2023

- Designed a mock database for video games including titles, characters, and genre.
- Created foreign keys to assign relationships with multiple tables.
- Set E/R diagrams to represent a user interface.
- Tested instances with queries to select elements from tables.

InStock Website | Software Engineering Project

January 2023 – May 2023

- Collaborated with a group of peers to create a stock website.
- Built user register, login, and dashboard pages, and a MERN stack to hold data.

SameFight Game | Operating Systems

November 2022 – December 2023

- Developed a C program with the focus on running multiple threads.
- Executed a C program to simulate a card game and ensured the program selects cards 1-13 for the odd and even teams.

Professional Experience

Seasonal Guest Advisor | GameStop

October 2023 – December 2023

- Anticipated guests' needs, responded promptly and courteously.
- Resolved guest complaints and followed up to confirm guest satisfaction with solution.
- Stocked merchandise, clearly labeling items, and arranging according to size or color.
- Maintained clean sales floor and straightened and faced merchandise.
- Monitored sales floor and merchandise displays for presentable condition, taking corrective action such as restocking or reorganizing products.

Summer Residential Camp Counselor | Texas Advanced Computing Center

June 2022 – July 2022

- Collaborated with other counselors while coordinating camp programs.
- Elevated interpersonal skills to mentor the students at the camp.
- Communicated with families to keep parents informed on child's camp experience and address any concerns or issues.
- Participated in meetings to coordinate with other staff on campers' progress, issues and goal achievement.
- Organized and guided group activities by leading, coaching, and participating with campers.
- Acted as positive role model to provide campers with constructive guidance and promote healthy habits and attitudes.

Summer Earn and Learn Receiving Clerk | Texas Workforce Commission

June 2021 – July 2021

- Placed at Round Rock Serving Center during 5-week work readiness program.
- Provided Exceptional customer service to customers dropping off donated items.
- Communicated well with supervisor and other staff.
- Implemented a keen attention to detail to sort and distribute items for donations.

Concessions Assistant | City of Round Rock

January 2019 – August 2019

- Interacted with customers, handled transactions, and communicated orders in a timely fashion.
- Served up to 200 patrons within a single shift, executed orders, and delivered orders in an efficient manner.
